Chemistry/Chromatography

Unless otherwise agreed, all orders and documents are executed and issued in accordance with our General Conditions. Upon simple request the conditions will again be sent to you. Attention is drawn to the limitation of liability, indemnification and jurisdiction issues defined therein. Any holder of this document is advised that information contained hereon reflects SGS' findings at the time of its intervention only and within the limits of client's instructions, if any. SGS' sole responsibility is to its client and this document does not exonerate parties to a transaction from exercising all their rights and obligations under the transaction documents. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law.

If the sample(s) to which the findings recorded herein (the 'Findings') relate was (were) drawn and / or provided by the Client or by a third party acting at the Client's direction, then the findings constitute no warranty of the sample's representativeness of any goods and strictly relate to the sample (s). SGS AFL Food Lab accepts no liability regarding the origin or source from which the sample (s) is/are said to be extracted.

A description of the used analytical methods, the identity of the external laboratories for the marked (\*) analyses and the uncertainty of measurement of the analyses are available upon request.
