

To ØI Beer Club

#toolbeerclub

Beer Club

To ØI Beer Club is a monthly subscription service for ale geeks, craft beers lovers and thirsty souls. You can either sign yourself up for some serious self-indulgence or offer a subscription as a gift to that friend you really want to share a beer with.

What's Innit

In the beginning of each month you will receive a not quite ordinary selection of beers — a monthly box with beers carefully selected by To ØI and occasionally guest beers from other breweries. The content of the box will vary from month to month each time consisting of 8 to 12 beers corresponding with the fixed price on 450 DKK. Apart from this merch, artwork and other surprises may appear.

With the To ØI Beer Club box, we aim to cover the entire portfolio of To ØI beers and offer tasteful eye-openers to the crowd. In every box there's a publications with a visual and written review of the given month's beers.

Shipping

We deliver the box to your doorstep. In case of broken products, either the single damaged product or the entire box will be refunded. We will of course ensure that you receive new products free of charge.

Payment

To ØI Beer Club is 450 DKK per month. The amount will be deducted from your account on the first bank day after the 1st of the month. You can change your information and cancel your subscription at any time - there is no commitment.
